

## **Invitation to Join the Athletic Enhancement Advisory Committee**

FUTURE MSAD 3 (FUTURE) was formed in 2004 as a 501(c)(3) nonprofit grass roots organization.

Our mission is to provide funding for capital projects and programs at the new Mount View School in Thorndike to strengthen a community-school partnership, promote community use of and involvement with our school, and to address future educational needs.

FUTURE is now planning a capital campaign for enhancements and improvements to Mount View's new and existing athletic fields. Public input will be an important part of the planning process.

To this end, FUTURE is forming in conjunction with the MSAD #3 school board, an Athletic Enhancement Advisory Committee (AEAC) to:

- seek public input on athletic facility enhancements
- conduct research
- develop a comprehensive master plan with the architects
- secure cost estimates
- present a final list of enhancements to the boards of both FUTURE and MSAD 3

We are seeking members from the community who are willing to work on this plan in cooperation with all project stakeholders. The AEAC is a working committee and not a fundraising committee.

If you have interest, insight and/or talents to contribute to this broad based committee and are ready to roll up your sleeves and do this valuable ground work, we would like to hear from you.

Please come to a meeting with other interested community members on Wednesday, February 13, 7:00 p.m. – 9:00 p.m. at the Mount View High School Library to learn more.

If you have questions please contact the Athletic Enhancement Advisory Committee Co-Chairs: Vicki Kupferman in Knox, at 568-3782, Doug Van Horn in Freedom, at [dvanhorn@fairpoint.net](mailto:dvanhorn@fairpoint.net).

Call for information on child care or car pooling.
